

PRESIDENT TAFT REVIEWS COUNTRY'S POLITICAL SITUATION AND OWN DEFEAT

SPEAKS BEFORE UNION LEAGUE CLUB AT REPUBLICAN RE-ORGANIZATION DINNER IN NEW YORK

**Presides at Own Political "Wake"—Tells of Deeds Accomplished
During His Stay at White House and Recites at Length
Causes Which Led to His Defeat—Attacks Enemies He Holds
Responsible for Republican Party Downfall**

NEW YORK, JAN. 4.—President Taft presided here tonight at what he styled his own political "wake." He made the funeral oration over his political corpse, asked modest praise for the deeds while he lived in the white house, recited at length the causes that led to his "demise" and attacked the enemies he held responsible for his taking off.

The president did this in speaking at the Republican "re-organization" dinner, given at the Waldorf-Astoria to more than 1,000 Republicans from all over the country. He spoke for more than an hour. His defense of his administration was the legislative results it has produced; his reply to personal criticism was that he had been more misunderstood than blameworthy. His attacks upon his political opponents—confined almost exclusively to Progressives—was not bitter, but sorrowful.

Sees Return of Old Ideas.
In spite of the misrepresentation, the unrest, the present day desire for change, the president said he saw in the future a return of the old ideas of government, the awakening of the people to an understanding that social conditions must be made slowly and with sure steps. He closed with an appeal to Republicans who left the party to return and join hands with the millions who remained faithful.

"Let us buckle on our armor again for the battle for humanity that must be fought," the president said. "Let us invite those Republicans who left us under an impulse that calmer consideration shows to have been unwise, to return and stand again with us in this critical time."

Campaign of Education.
"Let us invite from the ranks of our opponents, the Democrats, the many who love the constitution and the blessings it has conferred, to unite with us in its defense. There must be a campaign of education among the common people for the benefit of the common people against the poison of class hatred, the fanaticism of unbalanced enthusiasm and the sophistry of demagogic promise."

In the course of his speech the president made his first public reference to Colonel Roosevelt since the close of the campaign, asserting that probably one million voters, normally Republicans, cast their ballots for Mr. Wilson. "In order to avert the danger of Mr. Roosevelt's election," the president said in part:

"It is not usual for the deceased to give very full expression of his feelings at the wake; but I remember that in one of Boucicault's Irish dramas the corpse was sufficiently revived to partake of the liquid refreshment and became the chief participant in the festivities. A few opening remarks directed to the character of the deceased and the manner of his taking off may not, therefore, be inappropriate."

"Death" Due to Circumstances.
"What was the political disease of which I died? I am hopeful that when historians conduct their post-mortems it may be found that my demise was due to circumstances over which I had no great control and to a political cataclysm which I could hardly have anticipated or avoided; but whether this be true or not, even friendly critics are able to point out personal reasons why it was that, though I was a man of high character, with large majorities."

The president declared himself in full sympathy with the common people and that he is as earnestly desirous of their happiness and that they have justice as anyone.

Period of Unrest.
"My administration," he continued, "has come and gone in a period of unrest and agitation for something intangible which it is difficult definitely to describe. We have lived during the last four years and are living now, in an atmosphere of strenuous denunciations of certain evils and loud aspirations for an ideal state in which the common people are to become happier, the poor and the oppressed are to acquire property and cease suffering, and much or all of the change is to be accomplished through the agency of government."

"The accumulation of swollen fortunes during the two decades preceding and many of them by violation of the anti-trust law or the anti-rebate law, aroused a feeling of just indignation and set the tune to public addresses. Denunciations of the malefactors of wealth and promises of rectifying such inequalities by governmental means rang pleasantly in the ears of the people. They made for the popularity of those who produced the sweet tunes assuring better conditions and a complete social reform, all by the means of elections and of governmental action."

Workers Not Broad Minded.
"Then too, in the material improvement in the large amount of wealth devoted now to education and philanthropy there has been aroused a most commendable interest in the

poor and the suffering. So intensely enthusiastic social workers become that they lose their sense or proportion and forget the interest on those who are not dependents and yet who make up the great majority of the common people.

"To these enthusiasts, however, the necessity for turning all the activities of the government into plans for the amelioration of the particular dependents whom they have under their observation becomes exigent, and they look to the government as an instrument for immediate relief."

Mr. Taft was sorry to say that because of his experience with actual government in the Philippines and in Washington, he could not join in "the glowing promise that government action can remedy all of the evils of poverty, sin, disease and ignorance, as set forth in the attitude of an ambitious political party."

Reform Accomplishment.
He believed these reforms could be better accomplished "by more uniform enforcement of the law and by making the government more economical and more efficient."

He thought the economical expenditure of tax money to accomplish the purpose directed by law would be greatly more in the interest of the people than "the eloquent exploitation of impracticable theories of reform that can never be carried out by governmental machinery and must depend for their realization upon improvement and strengthening of individual character."

The president said he found himself out of tune because he could not resist the desire to ask for plans and specifications for actual statutes to do the things which are promised.

"The mere query," he continued, "the mere attitude of inquiry, puts on at once in the ranks of the doubters, at once as an action, places him at once among the aristocrats and prevents his being treated or regarded as a friend of the people."

Misuse of Press.
"Another feature of this period has been the reckless misuse of the press and the magazines for the misrepresentation of motives of men engaged in public life. The issues arising as to the tariff upon print paper and also upon increase of postage for second class mail matter, put those who owned and controlled such agencies in the attitude of partisan and many of them improved their opportunities to assault those who opposed their particular interests."

"The public have not been content to estimate and weigh the things done at their face value, but they have accepted hostile statements that good things were done either with an improper motive or because I could not help it or were really done by somebody else, and that on the whole I was unfriendly to the people."

Time Alone is Remedy.
"I am not complaining of this situation. I am hopeful that as time rolls by the facts may disclose themselves and may lead people to believe that more real reform has been accomplished in my administration than will ever flow from any attempt to put into practical operation the promises, which have been made in recent party platforms to make the rich moderately poor and the poor moderately rich, and to eliminate by statute, all sin, injustice, poverty and suffering."

"It gratifies me to feel that my going out of office will remove this cause and will end the 'Taftphobia' that has governed the action of some influential positions, and will tend to end these divisions that had been caused by personal reasons rather than on principle. There is much of personal about what is called 'insurgency.' If one man advocated a principle it has been all right because he has shown himself to be an insurgent. On the other hand, if another advocated the same thing it had to be condemned because of the source from which it came. Now, of course, this is unreasonable, but it is a real feature of the situation."

Bears No Ill Feeling.
"I go out of office with deep appreciation of the honors I have enjoyed, with profound gratitude to the American people and without feeling any bitterness toward anyone. I shall retain a very earnest desire as a public citizen to help country and my fellowman in the struggle for the continuance of free effective government."

"We were beaten in the last election. We ran third in the race. Why is it that we gather here with so much spirit, and with so little disappointment and humiliation? It is not that in spite of the defeat recorded in November, we are still victorious in saving our country from an administration whose policy involved the sapping of the foundation of the democratic, constitutional, representative government whose appeals were calculated to arouse class hatred that has heretofore been the ruin of popular government and whose contempt for the limitations of constitutional law and the guarantee of civil liberty promised chaos and anarchy?"

Chicago Convention a Triumph.
"The result of the Chicago convention was a triumph for the permanence of the Republican institutions, the importance of which cannot be exaggerated. We meet in no spirit of despair, but rather to rejoice in a victory for law and order. It is true that we were defeated at the polls by our old time opponent the Democratic party, it is true that we are now going to work out again the problem of eating our cake and having it too, by showing how it is possible to change from a system of protection for manufacturing industries to their detriment without halting production or lowering wages. It is true that we are to witness an attempt to satisfy the crying need for a new banking and currency system by a plan which is to embody as many as possible of the features of the Aldrich monetary commission plan disguised as much as may be so as to permit denial of any resemblance."

"It is true that we are to witness a change of office holders from Republican to Democratic. We have been through this before. It may be that this time they can do what they have not succeeded in doing heretofore, and if so and they can maintain the prosperity of the country at its present record level, then we shall rejoice at their success."

The Rule of the Majority.
"What is there in the present condition that the Progressive party represents which can lead us to suppose that human nature has so changed that no restraint is necessary in all society to prevent one man from oppressing another or to prevent a majority of men from oppressing an individual or a minority? What is it that constitutional limitations are for in popular government? A popular government is a government by the people that is by a majority of the people, who under the law are given the right to exercise the electoral franchise and constitutional limitations are imposed to prevent the misuse of the power of the majority so that the individual or the minority may not suffer injustice through the action of the majority. Where is the security in present society that the majority may not from time to time do injustice to the minority and to the individual."

"It is said that we distrust the people if we assume that the majority will ever do injustice. In other words, the contention is that the vote of the majority always is right. Well, as the majority in passing upon a given question determines some times one way, and some times another, in which case is it right? If the wisdom of our fathers and of the long line of able men who have fought for popular government has led to the introduction into every scheme of government of restraints to prevent injustice by the majority and the individual what is there that has happened in recent years to make us feel that a change has come over the character of majorities so that they may not exercise the tyranny that they have accomplished in the past?"

Denounced the Senate.
President Taft warmly denounced the senate in connection with the defeat of the proposed treaties with Great Britain and France. He declared that "limitation upon the powers of the United States to meet questions between nations with arbitration is an obstruction not only to the progress of the United States, but to the progress of the world in the matter of peace."

The president also blamed politics for failures in international peace propositions, because, he said, it had been declared, "such an issue never controlled a single vote at an election." He declared himself in favor of making it control some votes so that in future when a senator has no power to bind our government to future policy growing out of the fact that they are likely to look for a senator who has a different constitutional view.

PRICE OF VEHICLES ADVANCES 10 PER CENT

Chicago, Jan. 4.—An advance of 10 per cent in the price of vehicles is in prospect as the result of a meeting here today of representatives of the carriage and accessories trades.

Increased prices of everything entering into the manufacture of vehicles, it was declared, made it necessary to advance the prices.

WILSON SPENDS BUSY DAY.
Princeton, N. Y., Jan. 4.—After a day of work on what he termed a congestion of correspondence, President-elect Wilson this afternoon took a five mile walk. No visitors came to see the president-elect, as he had set the day aside for solitary research among his letters and papers.

"OUTRAGE" SHOULD BE HANDLED BY SENATE

**ROOSEVELT EXTENDS SYMPATHY TO
JAILED PUBLISHERS**

Declares "There Could be no Better Proof That We Need Recall of Judges From the Bench When They Act Badly."

CALDWELL, IDAHO, Jan. 4.—Col. Roosevelt in a telegram to James H. Gibson, Progressive state chairman, which was received today, extended to E. S. Sheridan, C. O. Broxon and A. H. Cruzen, his sympathy and admiration. He also communicated with progressive senators to see if something could not be done in the United States senate with regard to what he terms the "outrage."

The colonel's telegram follows: "I am confident that I express the feelings of every decent American citizen when I say that I am outraged and indignant beyond measure at the infamy that has been perpetrated in Idaho."

"In its essence the action of the court is in the first place to deny to a large minority, possibly a plurality, of the voters of Idaho, the right effectively to express their desire as to who shall be the chief magistrate of the nation, and in the second place to punish those who protest against this denial of justice and thereby seek to intimidate all men who may hereafter desire to protest against similar outrages."

"No anarchist agitator could ever do anything again the court's comparable in effect to these actions of the highest of our state courts. There could be no better proof that we need in any state the power to recall judges from the bench when they act badly and that everywhere we need to give to the people themselves the right expeditiously to make their own constitutions and to be in every act the master of their own destinies."

"I have communicated with Senators Dixon, Borah, Poindexter and Bristow to ask if something cannot be done in the United States senate at any rate to call attention to the outrage. Let me know if there is anything in which I can be of assistance."

"Meanwhile I wish to extend to the Progressives of Idaho and pay to the men who have been fined and sentenced to jail not merely my hearty sympathy but my heartiest admiration. 'They are in every act proving by their conduct the truth of the profession they have made. All good citizens are their debtors. They have made great sacrifices for the cause of popular government, of good citizenship and of the right temperately and truthfully to say what is vitally necessary in the interests of good citizenship.'

Receive Thousands of Letters.
Boise, Idaho, Jan. 4.—Thousands of letters and telegrams from prominent persons in all parts of the country were received today by R. S. Sheridan, C. O. Broxon and A. R. Cruzen, who are serving ten day sentences for contempt of court for publishing a message from Colonel Roosevelt, held contemptuously by the Idaho supreme court.

The incarceration of the three men is one continuous reception. Men in all walks of life, including former United States senators and governors have crowded the county jail.

BAIL WILL BE READY MONDAY

Announcement is Made That Union Officials Now in Prison Be Released Within Four Days.

Chicago, Jan. 4.—Bail for the labor union officials in Leavenworth federal penitentiary will be ready Monday it was asserted by the men's counsel here today. The men may be released within four days, it was said after a conference between Patrick H. O'Donnell and E. N. Zollin, attorneys for the convicted men, and J. E. McClory, acting president of the International Association of Bridge and Structural Iron Workers.

Telegraphic assurances have been received, it was said, from officials of the iron workers' union in every city where the convicted men lived that they were prepared to furnish bail for their members.

EXPLOSION TEARS MAN TO PIECES

Sioux City, Ia., Jan. 4.—A man thought to be Thomas Guiber of Manchester, Iowa, was blown to pieces by the explosion of nitroglycerine or dynamite in a field near here last night. His body was found today.

The police believe the man either was killed by accident or that he was murdered by a comrade in a quarrel over money, and that the murderer, to conceal the crime, fired the nitroglycerine under the body.

On the body was found a number of burglar tools.

WILL MEET IN MONTREAL.

New York, Jan. 4.—The executive committee of the American Bar association including members from all parts of the United States at a meeting here today selected Montreal, Canada, as the place for the next annual meeting of the association.

BANDIT KILLED IN FIGHT.

Kansas City, Mo., Jan. 4.—In a pistol battle between an unidentified highwayman, who was caught in the act of robbing a citizen, and A. N. Peterson, a policeman, here tonight, the highwayman was shot three times and killed. The officer was not injured.

Resumed consideration of Indian appropriation bill.

Representative Flood of Virginia selected as chairman of committee on foreign affairs to succeed Governor Sulzer of New York.

Secretary Wilson asked agricultural committee for increased appropriations for practically all branches of agriculture department's work in forthcoming appropriation bill.

Representative Bathrick introduced a bill for government loans to farmers on farm mortgages.

Adjournment at 6:25 p. m., to noon Monday.

WASHINGTON, JAN. 4.—Although no subpoena has been actually served upon William Rockefeller by the house "money trust" investigating committee and the millionaire today was reported on his way to Cuba, Chairman Pujo declared he was entirely satisfied to wait until January 13th, the date set for the financier's appearance, before considering other measures to obtain his testimony. The acquisition of the Equitable Life Assurance society by J. P. Morgan, about which Mr. Morgan was questioned at length when he was on the stand will be followed up, Thomas F. Ryan, a millionaire, who sold the Equitable stock to Morgan will be one of the principal witnesses.

Lawrence O. Murray, comptroller of the currency, is to appear when the committee resumes Monday afternoon. He is to be asked regarding the general workings of the currency system. It has been reported that the committee would ask Mr. Murray as to the refusal of President to order certain information from the comptroller's office, placed at the disposal of the committee.

Chairman Pujo said today that he hoped to conclude the evidence, review the testimony taken and have a report prepared for submission to the house about February 1st. The report will recommend changes in the currency system and remedial legislation touching the banking laws, stock exchanges and clearing houses.

Summoned as Witnesses.
Leslie M. Shaw, secretary of the treasury, A. Barton Hepburn, of the Chase National bank of New York, Paul Marburg, another banker and Victor Morawetz, a financial writer have been summoned as the first witnesses before the Glass committee of the house banking and currency committee, when it begins hearings Tuesday on currency reform and the Aldrich plan. Hearings will be held on Tuesday, Wednesday and Friday of each week.

Makes Last Appeal for Funds.
"Tama Jim" Wilson today made his last appeal for funds to conduct the work of the department of agriculture when he appeared before the house agriculture committee. Secretary Wilson will retire March 4th. In particular he asked for increased appropriations to continue the enforcement of the pure food law.

"A good many people have expressed dissatisfaction," said the secretary, "with our efforts to enforce the pure food law. But we have done as much as we could with the means at our command and during the last year we have made that branch of the department 25 per cent more efficient."

Secretary Wilson also asked increased appropriations for educational work and reviewed the work of the department in the south. He asserted that the beef supply of the country must in the future come from the south instead of from the west and said that the department was endeavoring to aid the southern farmer.

Loans on Farm Mortgages.

PEACE DELEGATES APPEAR DEADLOCKED

**MONDAY'S MEETING MAY BE LAST
OF THE CONFERENCE**

Rechad Asks Postponement Until Monday to Give Allies Time to Consider and to Await Fresh Instructions From the Porte.

LONDON, JAN. 4.—Unless Turkey of the Balkans can be prevailed upon to recede from their present stiff-necked attitude the peace negotiations have arrived at an absolute deadlock and Monday's meeting will be the last of the conference. The Turkish delegates strongly affirm that they have offered all they can concede. The Balkan delegates protest with equal vehemence that the Ottoman empire must surrender to them what they consider to be the spoils of war.

The diplomatic battle line has been drawn at Adrianople. If Turkey should consent to cede her ancient capital and the strongest fortress now invested—so far as impartial witnesses can beyond the hope of relief—all minor questions could be arranged.

The Turks declare that they cannot give up Adrianople under any circumstances, the alliance declares that they must. The allies insist that Turkey must meet the ultimatum presented Friday without change of any detail; the Turks declare that the terms they offered Friday are the extreme limit to which they will go. Dr. Daneff, head of the Bulgarian delegation, declared uncompromisingly today that unless the sultan's envoys accept without the alteration of a word Friday's ultimatum he and his colleagues will pack their baggage Monday and leave London Tuesday and their armies will give battle at Tchatalja the movement the period fixed by the armistice expires.

This constitutes one of the most dramatic conflicts in the history of diplomacy; yet this situation has been foreseen and expected from the first. Only those in the innermost councils know whether the negotiations will be finished Monday or whether they will just begin then.

Events have moved swiftly in the last few days. When the allies delivered their ultimatum yesterday an answer to which was demanded by Monday afternoon, Rechad Pasha replied promptly and theatrically that it was not necessary to wait until Monday that he could reply on Saturday just as well. Today Rechad required a postponement until Monday. For this action he made two explanations. One was that the Turks desired to give the allies time to consider their position, the other was that the porte had ordered him to wait for fresh instructions. The allies were inspired with satisfaction by the latter statement, thinking that the porte was wavering on the question of Adrianople. Rechad, however, averred otherwise.

Naval Battle Reported.
Athens, Jan. 4.—An official communication issued by the ministry of marine thus described an engagement between the Greek and Turkish battleships off the Dardanelles this morning.

"Greek destroyers cruising off the straits," announced at 7:30 this morning that two Turkish cruisers followed by six destroyers had been sighted at the entrance of the Dardanelles. The whole Greek squadron immediately weighed anchor and steamed to meet the enemy.

"At 12:25 a. m., the Turkish cruiser Medjah, detached itself from the other vessels which remained under the shelter of the forts of Sedli Bay and proceeded west of Tenedos. The Medjah fired six or seven shells at two Greek destroyers cruising there, and the latter replied. The Turks, however drew off the straight immediately and perceived the other Greek destroyers coming up."

"At 1:25 the Medjah and the Hamidieh separated from the squadron which remained at the entrance of the straits and advanced west where half an hour they exchanged shots with the Greek destroyers. The Turkish cruisers followed to a certain point by the destroyers."

"The fight ended by the flight of the enemy's warships into the straits immediately they observed the whole Greek fleet appear on the horizon."

Portland, Oregon, Jan. 4.—A. J. Biel, charged with having used the mails to defraud in connection with the operations of the Columbia River Orchards company was found guilty by a jury in the United States district court here tonight.

He attained the same object as the "rural credits" system proposed by President Taft.

The bill would provide for the establishment of a bureau of farm loans in the treasury department, with a loan commissioner appointed by the president. The secretary of the treasury would be authorized to raise funds for the loaning to the "bona fide farmers of the soil" on farm mortgages, by the issue of government bonds at not to exceed four per cent interest. The loans would be made on farms of which at least one half must be under cultivation.

WOULD SUBMIT DISPUTE BY HAGUE

PRESIDENT FAVORS SETTLEMENT OF ARBITRATION

Taft Makes First Formal Declaration Since Great Britain Filed Her Protest With The State Department--Division at Washington

NEW YORK, JAN. 4.—President Taft referring this afternoon to the dispute between this country and Great Britain in the Panama canal matter, said that he was in favor of submitting the question to the Hague tribunal for arbitration.

He was speaking at a luncheon in his honor at the Waldorf-Astoria, given by the International Peace Forum. This is the president's first formal declaration on the question since Great Britain filed her protest with the state department.

"When the time comes there will be no doubt about what I will do about submitting this question to an impartial tribunal for decision," the president said. "I am willing to arbitrate with Great Britain as soon as we get down to the point at issue."

"This is just the time when I am in favor of arbitration," the president continued. "It is the time when we are afraid we might not win that tests our faith in arbitration."

Declaration Brings Discussion.
Washington, Jan. 4.—President Taft's declaration that he intends the Panama canal controversy with Great Britain shall be submitted to arbitration "as soon as we get down to the point at issue," again brought out the sharp division that exists in the senate over the obligation of the United States under its arbitration treaty.

Senator Macon, the leading Democratic member of the foreign relations committee, Senator Hitchcock, another Democratic member of that committee and other prominent members of the senate expressed their conviction that the United States was bound by its treaty with Great Britain to submit to arbitration. Senator Root of New York, who is not now in Washington holds the same view. Senator Sutherland, Republican, also a member of the committee has previously expressed the belief that the subject is a Democratic one, and not such as the United States, is compelled to arbitrate.

Senator Bacon in a statement based on President Taft's announcement suggested that the United States, if it submitted to arbitration could properly ask for a special tribunal so constituted as to insure an impartial judgment.

Senator Bacon's Statement.
"I think the question Great Britain raised," said Senator Bacon, "is one that arises upon the interpretation of the Hay-Pauncefote treaty; and we have a treaty with Great Britain, which specifically provides that we will submit to arbitration any question growing out of the interpretation of treaties, provided they do not 'effect the vital interests, the independence or the honor of the two contracting states, and do not concern the interests of the third parties.'"

"The provision of free toll for our coast-wise vessels does not effect the vital interests of the United States, and does not fall within either of the other exceptions."

"Vital interests" means something effecting the 'life of the nation.' I voted against the Hay-Pauncefote treaty when before the senate for ratification because I thought it did bind us to do what Great Britain now claims the treaty requires us to do and I was unwilling for the United States to be bound in that way."

Senator Townsend of the canal committee declared:

"We might as well abandon the Monroe doctrine as to submit this question to arbitration. I am inclined to prefer the reconsideration of the canal legislation."

Many Favor Arbitration.
"It is my judgment," says Senator Cullom, chairman of the foreign relations committee, "that of its own free will, congress ought to collect tolls for the coast-wise trade as well as former other branches of the canal business without reference to any treaty. There could be no complaint if that policy be decided upon. I am inclined to think that whether we collect tolls or not, we ought to control the coast-wise trade, and I believe that point will be conceded to us. Everything involved between the United States and other nations, I would be willing to submit to arbitration."

Senator Burton of the foreign relations committee strongly favored the submission of the question to arbitration.

"I do not see how we can honorably refuse that course," he said.

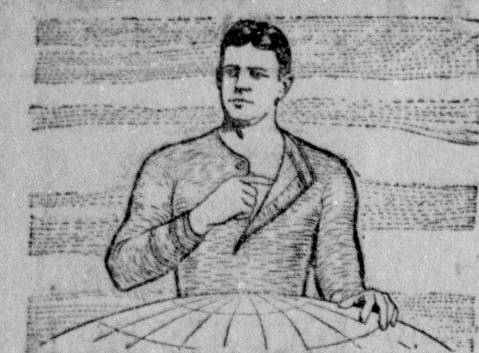

Senator Page, of the inter-oceanic canal committee favored the repeal of the law.

Senator Fletcher was disposed to leave the subject to the next administration.

"The Panama question is purely a Democratic one and not such as we are required by treaty to submit to arbitration," declared Senator Jones of Washington, a member of the committee that framed the Panama canal "free toll" act.

"I consider it is a question such as is not covered by any of our treaties

LOCATE HEIRS OF \$30,000 ESTATE AFTER LONG SEARCH

Council Bluffs, Iowa, Jan. 4.—After searching for 25 years for the heirs of Mrs. Anna Whitaker, the administrator of the \$30,000 estate has just located a daughter, Mrs. Julia Sanford, in Olympia, Wash. Mrs. Sanford is said to have married at the age of 16 against her mother's wish and shortly afterwards accompanied her first husband Charles Bede to South America, where he died shortly afterward. Mrs. Bede returned to the United States and married her present husband, Joseph Sanford, in El Paso, Texas. Recently Mrs. Sanford wrote to relatives in Iowa, and administrators of the Whitaker estate learned whereabout. Today an officer of the court was informed that Mrs. Sanford would return to receive her share of the fortune.

SIX BABIES INJURED WHEN GASOLINE EXPLODES.

St. Louis, Mo., Jan. 4.—Six persons were buried, one fatally tonight when an attempt was made to fill a gasoline flatiron. Ray Albert 17 years old was filling the iron and other members of the family were watching him. When an attempt was made to light the burner the gasoline in the jar caught fire. Ray threw the flaming jar out of doors. It passed over his baby brother and some of the fluid fell on the child, setting his dress afire. The little one was so badly burned he may die. The parents and the other three children beat out the flames but in so doing were themselves severely burned.

MAY NOT HAVE TO RETURN TO INDIANAPOLIS FOR RELEASE.

Indianapolis, Ind., Jan. 4.—Although thirty-two convicted labor leaders, now confined in the federal prison at Leavenworth, Kan., are able to furnish bond to gain their freedom pending an appeal of their cases, it may not be necessary for the men to be returned to Indianapolis.

This was the opinion expressed tonight by District Attorney Charles W. Miller, who said that he believed that the papers could be signed at the prison. If they are found satisfactory the court can order a release of the men and they will not have to return to Indianapolis, Mr. Miller said.

MAY GET FIVE YEARS.

San Francisco, Jan. 4.—Your class of people are cold blooded murderers. I will sentence you Monday morning and I see no reason why at that time I should not sentence you to five years imprisonment. After the foregoing denunciation of A. E. Peabody, one of the medical practitioners recently arrested as the result of a crusade by the federal officials, Judge Van Fleet, of the United States district court here, raised Peabody's bonds from \$500 to \$5,000. The doctor was unable to furnish that amount and was taken to jail.

BRESNAHAN CLAIM IS COMPROMISED

St. Louis, Jan. 4.—The claim of Roger Bresnahan, former manager of the St. Louis Nationals, against Mrs. Helene Britton, owner of the club was compromised today. It is reported that Bresnahan was paid \$20,000 for a complete cancellation of whatever claim he may have had against Mrs. Britton for alleged violation of the contract under which he was to manage the club for five years.

GUILTY OF LEGAL FRAUD.

Los Angeles, Cal., Jan. 4.—Charging that the Southern Pacific railroad company had been guilty of a legal fraud in its manipulation of the California Development company and irrigation concern in the Imperial valley, Judge Walter Dowell of the superior court rendered a decision today which prevents the railroad company from collecting a judgment for \$1,800,000 until claims aggregating \$1,200,000 against the irrigation company have been paid.

CARRAJAL MAY SUCCEED CALERO AS AMBASSADOR.

Mexico City, Jan. 4.—Although the announcement has not been made officially, it appears that Francisco Carrajal, president of the supreme Manuel Calero, president of the court will be named to succeed Manuel Calero, who recently resigned as Mexican ambassador to the United States.

HAS KNIFE BLADE IN JAW.

Mt. Sterling, Ill., Jan. 4.—William Dennis of Siloam Springs, is in a serious condition after the removal from his jaw of a piece of a knife blade which was lodged in his cheek bone in a fight twenty-three years ago and had gradually worked down without his knowledge of its presence.

SENDING AUSTRIANS HOME.

Denver, Colo., Jan. 4.—Chevalier Michel De Straszewski, Austro-Hungarian consul, said today that he is sending Austrian army reservists home on advices received from Vienna.

St. Louis, Jan. 4.—The Columbus team of the St. Louis association defeated the Howard Bulldogs of Pawtucket, R. I. this afternoon, four to three, at soccer football.

ROBERTS' ALMOND CREAM LOTION

YOU SHOULD KNOW

The advantage of using Robert's Almond Lotion. It is a perfect cream, made from only the highest grade almonds. The most tender skin will not be irritated by its use. This lotion will invigorate the skin by opening the pores, thus making the hands and face soft and like velvet. Robert's Almond Lotion will be absorbed by the skin immediately, which does away with the greasy and sticky feeling and appearance of many lotions. This lotion is absolutely harmless, free from oils and will not grow hair. You are receiving the benefit of our experience in this line and our guarantee goes with each bottle. If you have never used this splendid toilet cream we ask the opportunity of proving our claims for it.

Allow us to demonstrate a real snow white Almond Lotion from our own laboratory. Large bottles 25 cents.

Robert's Cold Tablets still continued to lead them all: will help keep the gripe away and will cure your cold in one day. No bad after effects of quinine. A number of satisfied customers is our best reference. 25c.

DOYLE OUTLINES WORK FOR**OPENING OF GENERAL ASSEMBLY**

Secretary Holds That Every Member Holding Certificate of Election Issued by State Canvassing Board Will Be Recognized in Election For Speaker.

Springfield, Ill., Jan. 4.—The position taken by Secretary of State C. J. Doyle, who will call the forty-eighth general assembly to order next Wednesday in this city, is that the first business to be disposed of is the election of a speaker. Secretary Doyle also holds that every member holding a certificate of election issued by the state canvassing board, irrespective of any contest proceedings will be recognized on roll call for the election of a presiding officer. This ruling is important as it will allow a score or more of members, whose right to seats has been questioned, to vote on the question of electing a speaker. Had a ruling been made that no vote be allowed these members against whom contests have been filed it would have eliminated the Progressives, as well as a dozen Republicans and would have left John J. McLaughlin in absolute control, granting that he has the fifty-four votes sewed up that he is claiming. Every member who holds a certificate of election issued by the state canvassing board will be recognized, declared Secretary Doyle tonight.

"The first business will be the call of the roll of the house," the secretary added, "and the oath of office will be adopted. I will then order the clerk to call the roll on the question of speakership and the call of the roll will be continued until a speaker is elected or someone makes a motion to adjourn."

Two more candidates for speaker opened headquarters today at the St. Nicholas hotel.

Representative J. Ryan, Democrat, who styles himself as a Progressive Democrat candidate, opened headquarters in room 6, Representative John Huston, Democrat of Blandinsville, the "anti-Lorimer" candidate will have headquarters in room 10.

NEW CHARGES ARE FILED AGAINST ALDERMAN TEARNEY

Two Charges are Dismissed and Additional Charges of Law Violation are Filed Before Judge Courtney.

Chicago, Jan. 4.—Al H. Tearney, president of the Three Eye Baseball League and member of the Chicago city council, still is on the books of the municipal court concerning charges that Tearney has kept his South Side saloon open after hours.

Tearney was in court twice last week to answer charges one that he assaulted a newspaper photographer who took a flashlight photograph of his saloon, and another that he had violated the closing hour law on different occasions.

Both were dismissed.
Fresh charges were filed against Tearney to day and a summons was Judge J. E. Courtney.

Tearney must answer within 10 days.

BARONESS ASKS THE ANNULLMENT OF DECREE

Cincinnati, O., Jan. 4.—An annulment of the divorce which was granted Percy Procter, retired Cincinnati capitalist, from Baroness Natalie Von Klifus, of Russia, here last June, was asked in a petition filed in court here today by attorneys representing the Baroness. The petition alleges that while she was properly notified as to the beginning of divorce proceedings that she was unable to be present during the proceedings account of her being a passenger on the ill-fated Titanic. The petition stated that the delay occasioned by the sinking of the ship and the mental as well as physical torture that followed, prevented her from even notifying the court until after the divorce had been granted and she therefore asks that it be set aside.

BELIEVE DISSOLUTION OF COAL TRUST HAS BEEN ACCOMPLISHED

Washington, Jan. 4.—The dissolution of the so-called "soft" coal trust is believed by officials of the department of justice to have been accomplished by the recent decision of the federal court at Columbus, Ohio, in the anti-trust suit against certain railroads and a coal company alleging a combination and conspiracy to restrain commerce in the mining and transportation of the bituminous coal. Attorney General Wickersham is awaiting a copy of the text of the opinion before definitely stating its full effect and import.

WOULD SUBMIT DISPUTE BY HAGUE

(CONTINUED FROM PAGE ONE)

requiring arbitration of International disputes.

Is Opposed to Arbitration.
Senator Gallinger, chairman of the Republican caucus said he was opposed to the arbitration of the subject because he considers it is a Democratic question.

Senator Hitchcock of the foreign relations committee, thought the terms of the arbitration treaty compelled us to submit the canal question to arbitration. Senator Borah member of both the foreign relations and the canal committees, said he was disposed to oppose arbitration.

Senator Stone, Democrat of the foreign relations committee would rather repeal the canal law than arbitrate.
State department officials were unwilling to discuss the position taken by President Taft on the Panama tolls controversy. From the time the international tangle originated last summer with the filing of the preliminary protest by Great Britain while the Panama canal act was pending in congress up to the receipt on December 9th, of the formal letter of Sir Edward Grey, and since that time, it repeatedly has been made known at the state department that the administration would not submit the matter to arbitration.

Officials of the department it is known have been deeply engrossed in the study of Sir Edward Grey's letter, with a view to formulating the United States' reply. Few officials of the department it is therefore taken for granted, have been aware that the nature of the reply would be so radically different from what the president's utterance today indicated it would be.

"I am willing, and indeed, I would be ashamed not to be willing," said the president, "to arbitrate any question with Great Britain in the construction of a treaty when we reach the exact issue which there is between the two nations. There need not be any public doubt on that subject so far as this administration is concerned. When there is a difference that cannot be reconciled by international negotiation and adjustment then we are entirely willing to submit it to an impartial tribunal. I am hopeful that we may get it either to settlement or to submission before the administration in which I have the honor to be a dissolving view, shall cease, but it may not be, because these negotiations move slowly. But I am glad to take this opportunity in this presence to say that if the time comes, there will be no doubt about what I will do in respect to the submission of that question as far as my power goes, to an impartial tribunal for its settlement, if that is necessary."

The president's remarks were apparently prompted by a declaration in a speech by Henry Claws, the banker, asserting that for President Taft's administration "to concede the right to arbitrate difference would be a splendid achievement, but holding that "we are in the wrong and would most likely be defeated if it should go to the Hague for decision.

Knoles' prices are exceedingly attractive to careful men.

J. W. YORK TO QUIT BUSINESS.

By an announcement in another column it will be seen that J. W. York has sold his coal business to his son, Clarence York, and A. E. Williamson, and while he will be with them for several months he will then retire and devote his attention to his farm properties. Mr. York has been in business in his present location for the past twelve years and has conducted a very extensive and successful business. He has been closely related with one of the largest of the Springfield coal concerns and he has handled large quantities of their product. Clarence York has for years been in the employ of his father and thoroughly understands the business and his partner, Edward Williamson, is a young Morgan county farmer who stands well in the community. Both young men are enterprising hustlers of strict integrity and will doubtless succeed.

CORBETT DISCUSSES NEW YORK RULES

RULES ARE MADE BY NEW YORK ATHLETIC COMMISSION.

New Boxing Regulations Tie a Referee's Hands so Effectually That He Scarcely Has More Authority Than the Average Spectator—Other Fight Gossip.

By James J. Corbett.
(Former heavy-weight champion of the World).

(Written for Jacksonville Journal.)
In the set of "new" rules promulgated by the New York State Athletic commission recently a few comparatively unimportant features are introduced, while certain crying needs of the sport are entirely overlooked.

The new deal is about what would be expected from a collaboration by two men directly opposite in their views of how boxing should be conducted, and outside of a minor details here and there the latest pattern in ring regulations can hardly be termed an improvement on the old.

Commissioner O'Neill, to give the gentleman credit due, realizes that professional boxing is not a parlor game and wants to govern the sport accordingly. Major Dixon, his associate, is apparently influenced very much by his experience in amateur sport with which he has long been identified.

There are several paragraphs outlining the duties of the referee, but after reading them through carefully one wonders why a referee at all. The job calls for nothing in the way of boxing or experience in any capacity with the sport. A clerk from the ribbon counter who had never witnessed a bout could perform the duties assigned to the third man in the ring.

The rules tie a referee's hands so effectually that he scarcely has more authority than the average spectator. In fact, as I understand the new code, his discretionary powers and ring authority are confined to the privilege of stopping a bout should it become so one-sided that it is obvious to everybody present. He is not even allowed to disqualify a foul fighter. There is not a line to govern his actions in such a contingency. And as for giving decisions, perish the thought. That would be playing right into the hands of the horrid gamblers and too terrible to contemplate.

I would like to see three red blooded men on the athletic commission. A new governor is now on the job. I hope he feels the same way about it, too, and I have reason to believe he does.

The commission has also undertaken the regulation of weights in the different classes and to help out matters has created two new divisions or classes—paper-weight and commission-weight, the former to be limited to 105 pounds and the latter (a new name for the light-heavy) set at 175 pounds.

This is in accordance with a request made, it is said, by the ring authorities of England and France to assist in compiling an international scale to govern the various divisions.

It is a step in the right direction and any movement that has as its object the establishment of world-wide standard should be supported. Still New York state is not the entire U. S. A., and it strikes me that those interested in the sport in other boxing centers of the country should have been consulted upon such an important matter as revision of weights, before the commission submitted the new scale to the ring authorities of foreign countries for approval.

The most radical changes in the New York scale are made in the smaller divisions. It is a more difficult task for the average bantam weight to concede one pound to an opponent than for a heavy-weight to give away ten times as much. Yet the local body had widened the breach between two of the smallest classes by increasing the limit in the feather weight class to 125 and reducing the bantam limit to 115. From this it is evident that the commissioners have a great deal to learn about classifying boxers according to weight.

Sam Langford will have to come back now—and to Joe Jeannette. There is no chance for Sambo to dodge the Hoboken con any longer. He played the string out in Australia by putting Sam McVey away in thirteen rounds and now it's a case of home for the "tar baby." McVey was a good meal ticket while he lasted and Langford fatted financially on the proceeds of no less than five battles before he put the K. O. across and killed his man's drawing powers.

Just a year ago the two Sams met for the first time in Sidney and McVey was awarded the decision after twenty hard rounds. The battle had been billed for the "championship" of the world as it was thought at the time that Jack Johnson had quit the game for good and when the California negro was given the verdict the Australians proclaimed him "champ."

As an illustration of the value a clever manager is to a fighter McVey's case is cited. Langford left this country rated second only to Johnson and many were of the opinion that Sam was the better man. When McVey "copped" the decision he had the chance of a lifetime to gather some big money and to gather it fast. A manager "on his job" would have taken the con to America by first boat where they could have booked at least a year's theatrical engagements, on the strength of the victory over the sensational Boston negro. Further more McVey would have been in po-

sition to challenge Johnson and the papers would have forced the big smoke to make the match or quit. In any event it would have meant odds of advertising and coin for McVey and his manager. As it is Sam probably has little to show for his hard campaign in Australia and has lost all standing as a candidate for the championship.

I understand Langford has split with Manager Joe Woodman and will shortly sail for this country to challenge Johnson and the white heavy-weights. Nothing is said about Jeannette, but Sam will first have to make good against Joseph who has been patiently awaiting Sambo's return. Sam and Joe were matched over a year ago by Tom McCarey, but Langford suddenly decided to cancel in favor of the Australian trip. Sambo need come no farther east than the Pacific coast. Jeannette will gladly hike that far to meet him for this colored championship. And it ought to make a great battle.

Soldier Kearns, who came in for quite a lot of boosting through landing a "lucky" one on the jaw of "One Round" Ravis and a supposed resemblance to Tom Sharkey, made a sorry showing against the huge Jess Willard. Kearns was a wallop, and a shape like a strong man, and that lets him out. He "wires" all punches and a clever man should make him miss every time, barring accident.

Willard is a hard proposition to figure. That is as heaves go these days. He lacks aggressiveness and seems to warm to a fight only when stung. Like all the big fellows he wastes more energy than he applies to good uses. He can hit very hard, of that there is no doubt, and is as clever, if not more so, than the average heavy-weight of today, but I would first like to see him pitted against tougher game before passing opinion on his merits. It would be interesting to see him against Luther McCarty again. When they met last summer both were green as grass, but big Willard had a bit the better of the argument.

"One Round" Davis' quick defeat of veteran Jack "Twin" Sullivan at Buffalo last week puts him back in the running, and adds weight to his claim that Kearns beat him with a "lucky" punch. The men are to be rematched and if Davis is successful in turning the tables on the soldier he will be given a chance with Jess Willard.

French promoters hope to clear up the middle-weight championship with the aid of a few of our fighters. Billy Papke and Frank Klaus will battle March 5, and Eddie McGoerty will have it out with the winner a month later. If the plans of the Parisian promoters do not miscarry.

That means McGoerty and Klaus will meet in the final. I think Frank a better man than Billy right now.

He outboxed Papke for six rounds at Pittsburgh several years ago and at that time Billy was ranked second only to Ketchel, and a little later made a very creditable showing with the champion himself. Klaus was then a comparative novice and is now at his best. He should stop Papke inside of twenty rounds.

I take off my hat to Luther McCarty. He is a better man than I thought and proved a genuine surprise package in the New Year's day festivities at Los Angeles. In spite of numerous physical advantages Palzer was no match for McCarty whose victory, following so quickly the decisive defeat of Jim Flynn, places him at the head of the white heavy-weight division.

Luther must be a wonderfully improved boxer since he last showed in New York. He hardly knew how to put up his hands at that time, and folks wondered how he had ever managed to stop big Carl Morris. During his stay in Gotham Luther boxed Jim Stewart and Jess Willard, places him at the head of the white heavy-weight division.

Adverse criticism did not discourage McCarty. He was a determined youth and decided the place to best learn the game was the ring itself. He got after the best of the big men and in rapid order bowled over Jim Barry, Al Kaufman and Jim Flynn. Luther showed marked improvement with each new start. When he beat Flynn he earned the holiday battle with Palzer.

There is no need for comment on the details of his meeting with Palzer. The victory was clean cut and never in doubt after the first round. It was well-earned and well-deserved. A man with the ambition and perseverance of McCarty is entitled to success. He has worked hard and conscientiously and his efforts have been crowned with victory.

Palzer put up a very poor fight and showed nothing at all except that he is game. He took a fearful beating and never showed the white feather. At his weight, 227 pounds suggests he was not in the best of shape, but he has no one to blame but himself. He had his opportunity and failed to make good.

NEWS FORECAST FOR WEEK

Washington, D. C., Jan. 4.—The possibility that a decision may be handed down in the state rate cases lends additional interest to the reconvening of the supreme court on Monday, following the holiday recess.

The ways and means committee of the house will on Monday begin its series of hearings on the all-important subject of tariff revision. The hearings will be by schedule, beginning with chemicals, oils and paints, with subsequent dates arranged for the hearings on the various other schedules and the free list. In this way it is expected that most of the preliminary work may be in hand by the end of February so that the work may then begin on the drafting of the measure or measures for tariff reduction in readiness for the extra session beginning in March.

During the week another important series of hearings will begin before the subcommittee of the house banking and currency committee, which is seeking a substitute for the Aldrich currency plan. Many noted financiers and economists have been invited to appear before the committee and give their views.

The subcommittee of the house banking and currency committee which is conducting the "money trust" investigation, which adjourned for the Christmas holidays after examining J. P. Morgan on Dec. 19, will reconvene Monday and will cover the remaining ground of the inquiry as rapidly as possible.

The trial will be resumed in Cincinnati Monday of President Patterson and other officials of the National Cash Register company, who are charged with having violated the criminal section of the Sherman anti-trust law.

A Democratic caucus of the house will be held Tuesday to fill committee vacancies. The most important seats will be one of the ways and means committee vacated by Representative Hughes of New Jersey; one on the appropriations committee vacated by Representative Cox of Ohio, and the chairmanship of the foreign affairs committee, vacated by Representative Sulzer of New York.

The house committee on merchant marine will begin hearings Tuesday to investigate the methods and practices of domestic and foreign steamship lines, particularly as to any agreements, pools, or combinations with railroads. The committee first will consider the foreign steamship situation, the initial hearing to be on the Brazilian traffic.

The first annual convention of the Women's National Democratic league is to assemble Tuesday at the New Willard hotel, in Washington, for a three days' session.

Most of the ranking army officers in the United States will gather in Washington Wednesday for an important conference with war department officials.

ment officials with the purpose of arranging the details of the extensive plan of reorganization of the army, which will be the last important military action of the retiring administration.

Captain Amundsen, discoverer of the south pole, is to be the guest of honor at the annual banquet of the National Geographic society, which is to be held in Washington Saturday night. Rear Admiral Peary of north pole fame will act as toastmaster.

During the week legislatures will convene in numerous states and many new governors and other officials will be sworn into office.

BIDS FOR PRINTING.

Sealed bids will be received by the city council at the city clerk's office up to noon Monday, January 13, 1913, for all of the legal printing required by the city of Jacksonville. Contract to be made from January 13, 1913, to close fiscal year, January 1, 1914. Bids to be made on flat rate and by inch rate. Bids to be made in accordance with paragraphs 54, 1-2, An Act to Amend an Act entitled, "An act to provide for the incorporation of cities and villages, approved April 10, 1872, in force July 1, 1872, and all acts amendatory thereto by adding thereto article."

A certified check of 10 per cent of the total amount of the bid must accompany same, that the successful bidder will carry out the terms of the contract. The council reserves the right to reject any or all bids.
Chas. K. Knollenberg,
Commissioner of Accounts and Finances.

HUNDRED YEAR CLUBS.

Believe Life May Be Prolonged.—Men who are devoting their lives to the study of longevity believe that in days to come a man of ninety will be in his prime, and old age will begin long past a hundred years.

Scientists have proved that the simple life, temperate habits, exercise, and an active mind are essential to a long and happy life.

When the blood gets thin and sluggish and creeps lazily through the veins, and the arteries begin to harden, there is nothing that will enrich the blood, improve the circulation and restore strength to every back-sliding organ in the body so quickly as our delicious cod liver and iron tonic Vinol. Here is proof.

Mrs. Michael Bloom of Lewiston, Pa., at 83 years of age was so weak she had to be wheeled around in an invalid's chair—she writes that after taking a few bottles of Vinol she could take long walks and do her housework. That shows how Vinol strengthens old people.

The Vinol on our guarantee that it will do you good or cost you nothing. Leo P. Alcott, druggist.

Why Don't You Get a Free Farm in Wyoming?

The new homestead law makes it easy to own a farm now. It offers just the opportunity the farm renter the farm hand and many others who want to establish themselves upon farms of their own, have been looking for. You can now secure title to an irrigated government farm or a Mondell 320 acre free homestead in three years and at the same time be away from the farm five months each year. Will you be one of those who will take advantage of Uncle Sam's generosity and become the owner of a farm along the new lines of the Burlington Route in Wyoming?

This matter is worth thinking about. In fact, if interested, I would be glad to have you write me about it. And when you write, be sure to remind me to send you a copy of the folder describing these lands.

I will run a personally-conducted homeseekers' excursion to points in Wyoming on the first and third Tuesdays of each month. It won't cost much to go out and inspect these farms and it might mean a lot to you. As you have something to gain and nothing to lose; why not arrange to do this?

ILLINOIS COLLEGE STUDENTS

WHO RESIDE IN CITY

Recent Alumni Catalogue of College Gives Names of Former Students and Graduates in Jacksonville.

We are often far too apt to fail to appreciate anything which is with us daily, taking it as a matter of course and not placing on it a suitable value. This is essentially the case with our educational institutions and at this time the Journal has especially in mind Illinois college. One of the oldest in the state, possessor of the first college charter, secured through the capable efforts of the late Judge Thomas, who used sometimes to say with gusto, that he stole the bill through the legislature, the college has gone forward in its good work educating young people and sending them into the world to do good and it has to its credit a list of names worthy of no small pride.

Not long since the college issued an alumni catalogue which contains much matter of interest. Among other things is given a list of graduates and former students whose present addresses are known and the list is appended for acknowledgment.

OFFICER DIES OF WOUNDS

Charles P. Gillan Dies of Wounds Received During Attempted Jail Delivery.

Cedar Rapids, Ia., Jan. 4.—Officer Charles P. Gillan, died here at 5:30 this morning as the result of a wound received during the attempted jail delivery at Marion, county seat, earlier in the morning. He never recovered consciousness.

There is a great deal of speculation about as to who held the gun that fired the fatal shot. Harvey Lee, the yeggman who was at the head of the attempt to break jail, although admitting his part in the explosion asserts positively that he had no gun. A thorough search of the jail has failed to result in the disclosure of any weapon and the only conclusion that can be reached by investigators is that the dead officer was killed by a stray bullet from the automatic of one of his brother officers.

Lee and the other prisoners who assisted him in his attempt for freedom have been brought to this city and lodged in the strong steel cage of the local jail.

Roy Heaton, Mrs. Geo. Ranson, Miss Bertha Daggett, Mrs. Walter Coultas, John Sayre, were visitors from Lynnvile in the city yesterday.

The Regular and Reliable Chicago
Specialist will be at the
Dunlap House
Wednesday, Jan. 8.
One day only and Returns every 28
Days.
Office hours: 8 a. m. to 4 p. m.

The most reliable and successful specialist in
diseases of MEN and WOMEN has visited
neighboring towns since 1880, cures the cases he
undertakes and refuses a fee from the in-
curable. This is why he continues his visits year
after year, while other specialists have made a
few visits and ceased to return. His hospital,
experience and extensive practice have made
him so proficient that he can name and locate a
disease in a few minutes.

NERVOUS DEBILITY.

Are you nervous and dependent? Weak and
debilitated, tired mornings, no ambition, life-
less; memory poor; easily fatigued; excitable
and irritable; eyes sunken, red and blurred;
pimples on face; dreams and night losses; rest-
less, haggard looking; weak back; deposit in
urine and drains at stool; distrustful; want of
confidence; lack of energy and strength? The
Carson System will cure you.

Dr. Carson through years of experience has
perfected the most infallible method of curing
all diseases and weaknesses of men, youthful
folly and all effects of abuses and excesses, im-
proper life and solitary habits which ruin body,
mind and body unfitting for business, study,
society or marriage. A perfect restoration guar-
anteed under legal contract in writing backed by
abundant capital to hold for my promise. It
costs no more to employ an expert than to risk
your life with an inexperienced physician.

**ALSO CURE ALL CURABLE
CASES OF Catarrh, Eye, Ear, Nose,
Throat, Lungs, Liver, Kidney, Heart,
Stomach, Bowels, Bladder and Skin
Diseases by a treatment that has

THE AYERS NATIONAL
BANK STILL THROGGED

Saturday Afternoon and Evening
Great Crowds Continued to Pour
Into the Beautiful Structure and
Admire its Many Attractions.

The fame of the Ayers National
bank building has gone forth already
and the announcement that it would
be open Saturday afternoon and
evening to visitors served to attract
a continued throng of sightseers un-
til a late hour. All callers received
courteous attention and were un-
derstanding in their praise of the magnificent
structure which the enterprising
corporation has had erected.

As already been stated, the rooms
are the open set aside for public
use are open to all and welcome is
tendered to any person, persons or
company that can find sufficient ac-
commodations to make free use of the
bank or not. The first to avail
themselves of this offer were the di-
rectors of the Strawn's Crossing el-
evator company who held a meeting
in one of the rooms and were de-
lighted. The place is pleasant, re-
fined and amply convenient for all
desiring such accommodations at any
time.

The offices also came in for a share
of attention and admiration on the
part of all visitors. Each floor is
supplied with toilet accommodations
the rooms are admirably lighted and
contain every possible convenience in
the way of wardrobes, closets, lava-
toirs and the like and there is no
climbing stairs to get to them. The
elevator reaches each floor and a
letter chute takes all mail down to
the U. S. box on the first floor.

A good many on entering ex-
claimed: "Why, I feel as if I was in Chi-
cago."

Many business men of the city said
they had expected something fine
such a structure with such arrange-
ments as this. It is a fact that good
many people leave our place find-
ing something more livelier and more up-
to date; many make mistake in going
and there is no doubt but that this
beautiful building will be an incen-
tive to others to imitate it, at least
to a degree, and young people seeing
such signs of progress will not want
to go to the larger cities with all
their drawbacks.

Everything about the place is built
with an eye to safety, elegance and
convenience. The interior is finish-
ed in handsome marble and the of-
fices, toilet rooms, lavatories and all
apartments have not been slighted
to a degree. Everybody is welcome
there and the management will be
glad to conduct visitors about at
any time.

ILLINOIS COLLEGE

ALUMNI BANQUET
The New York Association of
Illinois College Alumni has sent out
invitations to the annual banquet on
Jan. 16th at 7 p. m. at the Har-
vard club, 227 West 44th street,
New York City.

The invitation list has been en-
larged so as to include all who ever
attended the college for any length
of time whether graduate or not.
Many distinguished alumni and for-
mer students are expected while the
one they style "The Deliverer," Pres-
Rammekamp will be present and de-
liver an "Endowmentless Address."
It is a little difficult to see how
the worthy gentleman will be able
to do this for endowment has been
so on his mind for years past that
he talks of it from second nature and
the grand work he has done entitles
him to gratitude of all friends of the
college.

A great time is expected and every
effort will be made to have this a red
letter date in the history of the as-
sociation.

The secretary is Dr. Charles B.
Russell, '99, 119 Hamilton avenue,
Patterson, New Jersey, and the pres-
ident is Dr. Edward A. Ayers, '77.

BRITONS CELEBRATE

PITMAN CENTENARY.

London, Jan. 4.—In all English
speaking countries throughout the
world the centenary of the birth of
Sir Isaac Pitman, inventor of phono-
graph and shorthand, was celebrated to-
day with appropriate exercises. The cel-
ebration in this city, which was held
under the direction of a committee
headed by Sir Thomas Crosby, Lord
Mayor of London, included exercises
in all schools where shorthand is
taught and a large gathering and
banquet with addresses by noted ex-
ponents of the Pitman system and
many public men interested in sten-
ograph. In New York also, a cele-
bration was held, under the auspices
of a committee, including many men
of note, among them President-elect
Woodrow Wilson, Andrew Carnegie,
President Hadley of Yale University,
Dr. William H. Maxwell, Prof. Brand-
er Matthews, George B. Cortelyou
and many others.

Isaac Pitman was born in the little
town of Trowbridge, England on Jan-
uary 4, 1813. His father, Samuel
Pitman, was overseer in one of the
numerous cloth mills of Trowbridge
and raised a family of ten children,
six of whom later became teachers.
Isaac was sent to the grammar
school of Trowbridge to receive the
rudiments of an education, but showed
no particular brilliancy in his at-
tainments. Owing to the poor ven-
tilation in the school young Isaac's
health broke down and at the age
of thirteen he was compelled to leave
school.

After leaving school Isaac was em-
ployed in the office of the mill of
which his father was overseer and
in the evenings his father, who had
a good education, taught the boy
and enabled him to advance rapidly

In his studies. In August, 1831,
Isaac decided to take up a course in
teaching and went to London where
he entered the British and Foreign
School Society's College. In January
1832, at the age of 19, Isaac took
charge of a school at Barton-on-
Humber, a market town in North
Lincolnshire, and four years later
he removed to the town of Wotton-
under-Edge, where he established
and managed a school with much
success.

While conducting his school at
Wotton-under-Edge, Mr. Pitman took
up the study of Taylor's system of
shorthand, and finding it a great
time saver, he urged upon his stu-
dents to take up the study of the
system. As there was no cheap text-
book of the system on the market,
Pitman tried to induce Samuel Bag-
ster, a Bible publisher, to publish one
in the spring of 1837, he even for-
warded Bagster the manuscript for
a cheap manual of Taylor's sys-
tem, but Bagster suggested to him
to invent a system of his own.

In accordance with this suggestion
Pitman began to experiment in the
construction of shorthand alphabets,
at first adhering to the system
used by Taylor, but soon evolving
a system of his own, in which he
aimed at expressing sounds rather
than letters of the alphabet. On No-
vember 15, 1837, the first edition of
the Pitman system was issued from
the press under the title "Steno-
graphic Sound Hand." This was a
little twelve-page pamphlet in or-
dinary type with two additional
pages of lithographed plates in short-
hand. Copies of this work are now
extremely rare, only fifteen known
to be extant.

Shortly after the publication of
his pamphlet, Mr. Pitman was sum-
marily discharged as head of his
school on account of differences with
the school committee of the town in
regard to religious views. Mr. Pit-
man went to Bath and there opened
a private school at 5 Nelson Place.
The second edition of his booklet was
published on January 10, 1840, un-
der the title "Phonography" and soon
thereafter a third edition became nec-
essary. Isaac Pitman worked stren-
uously to make his system, which he
continued steadily to improve and
simplify known throughout the coun-
try. He traveled extensively during
vacation time lecturing upon the ad-
vantages of phonography, and cre-
ated so much interest in the sub-
ject that his monthly magazine first
published in January 1842, became
a success. The first phonographic
society was founded in 1843. In the
following year his system was intro-
duced in America and since then it
has spread throughout the English
speaking countries of the world. It
is used not only commercially, but
also reporting the proceedings of
every court and every legislative
body, in which the English language
is spoken.

In 1894 Queen Victoria conferred
the honor of Knighthood upon Mr.
Pitman, in recognition of the great
value of his invention. On Friday,
Jan. 22, 1897, Sir Isaac died and in
accordance with his wishes, his re-
mains were cremated. His portrait,
painted by A. S. Cope, A. R. A., was
hung in the National Gallery.

HYDE MAY ESCAPE

SECOND TRIAL.
Kansas City, Mo., Jan. 4.—The
second trial of Dr. E. Clark Hyde,
convicted after a sensational trial,
of the murder of Colonel Thomas H.
Swope, a millionaire philanthropist,
is scheduled to begin in the crim-
inal court here Monday, but it is
thought likely the case may not be
called. District Attorney Virgil
Conklin, who conducted the success-
ful prosecution of Dr. Hyde at the
first trial, died a short time ago
and many persons are of the opinion
that the physician never will be called
upon to stand trial a second time.

The Hyde case is one of the most
famous in the criminal annals of
Missouri. In March, 1910, Dr. Hyde
was indicted for the alleged murder
of Colonel Swope and the latter's
nephew, Chrisman Swope. Another
indictment charged him with
manslaughter in connection with the
death of James M. Hutton, a cousin
of Col. Swope. Dr. Hyde's wife was
a niece of Col. Swope, and the mo-
tive for the alleged wholesale mur-
ders was to remove all who stood
between her and the Swope fortune.
The physician was tried and con-
victed for the murder of Colonel
Swope. Later the Missouri supreme
court set aside the sentence or life
imprisonment and ordered a new
trial. Since that time Dr. Hyde has
been at liberty on bail.

CHANGE IN COMMAND OF

ATLANTIC FLEET
Washington, D. C., Jan. 4.—Rear
Admiral Hugo Osterhaus was today
relieved of the command of the At-
lantic fleet by Rear Admiral Charles

QUITE A DIFFERENCE.

In conversation with Marcus Hook
yesterday in the new Ayers bank the
writer referred to the old structure
that stood on the spot occupied by
the north half of the present palatial
edifice. Mr. Hook said at one time
the old vault contained valuable se-
curities to the value of a million
and a half dollars and the manage-
ment of the bank were satisfied that
crooks were waiting about the place
to get at them. Mr. Hook said he
slept in the bank and was fixed in
good shape for the gentlemen if they
had made any attempt to get in and
they were evidently aware of the fact
as they made no effort. He said he
was careful to enter and leave by the
front door and let them know he
was strictly on hand and prepared to
give them a lively greeting.

The Keeley Cure for the Liquor Disease
Has No Rivals as Far as Re-
sults Are Concerned

The Keeley Institute, Dwight, Ill.

Beautiful location. Delightful surroundings. Finest
accommodations. Fireproof. Equipped with every
modern convenience for comfort and safety.

The Keeley Cure Is Permanent

"This is the twentieth anniversary of my
reincarnation and release from the bondage
of the Demon Rum. Completely cured—the
accursed appetite never to return."

This is a sample letter; we have many,
many thousands like it. But we never pub-
lish names of patients, without their consent.

In a number of instances we are allowed to
use names of men who have been cured, as
references, and will be glad to do so, and
convince inquirers of the truth of our claims,
if desired.

We manufacture and sell Home Remedies
which cure the Tobacco Habit and many
forms of nervous troubles.

Full Information on Request

Booklets and full detailed information sent
in sealed, plain envelope on request.

You can save that brother, relative, friend,
employee from ruin, disgrace and death? Will
you do it?

400,000 men have been saved by the Keeley
treatment during the last 32 years! 400,000
families restored to happiness! New hope and
joy and ambition brought into the lives of
approximately 2,000,000 people! Isn't there
someone you can help?

Drunkenness Is a Disease

Dr. Leslie E. Keeley proved that drunkenness
is a true disease. It affects the nerve cells,
producing in them a demand for alcoholic food.
And it paralyzes the sufferer's will power and
ability to resist.

Not one man in a thousand can stop immod-
erate drinking of his own accord. No more than
he can cure himself of smallpox or brain fever.
He must have help!

How the Keeley Treatment Cures

The Keeley remedies cure by removing the
artificial alcoholic appetite from the nerve cells,
and restoring them to their natural condition.

The Keeley medicines are nerve tonics. They
cause no sickness or nausea. They are absolutely
non-injurious and leave no ill effects of any kind.

The "craving" for drink is not the disease. It is
simply the symptom of the disease, just as a cough
is a symptom of some irritation or inflammation.

When the nerve cells are restored to their normal,
healthy condition, the appetite for alcohol disappears.

We also cure Opium, Morphine and other drug addic-
tions. The drug is withdrawn gradually and there is no
shock, collapse, prostration or sickness. Full particu-
lars in plain, sealed envelope on request.

We have a Chicago office, Suite 906 Rector Building,
79 W. Monroe Street, where arrangements may be made.

RHEUMATISM

URIC ACID CAUSES IT—S.S.S. CURES IT

Every variety of Rheumatism is caused by an excess of uric acid in the
blood; the different forms of the disease depending on whether this uric acid
settles in the nerves, muscles or joints. In Sciatica it is the nerves which
are attacked, the muscular form shows the muscles to be the seat of trou-
ble, while manifestations of articular Rheumatism are evidence that the
joints are being diseased. To cure Rheumatism the uric acid must be re-
moved from the blood; the circulation must be made pure. This cannot
be accomplished with external applications; such treatment may furnish
temporary relief from the pain, but it does not reach the producing cause.
S. S. S. cures Rheumatism of every variety and form because it purifies the
blood. It goes down into the circulation, neutralizes the acids and dis-
solves the irritating deposits which are pressing on the sensitive nerves
and tissues, and producing pain. Whether your case of Rheumatism be
acute or chronic S. S. S. is the medicine you need; it will cure you and at
the same time build up the entire system by its fine vegetable tonic effects.

HOW HETTY GREEN LOANS BIG SUMS OF MONEY

Son of Well Known Business Woman and Richest Lady in World, Tells of Transaction.

The New York Sun records the following interview with Edward Green, son of Mrs. Hetty Green, prominent in financial circles.

Tall as Abraham Lincoln, girted like Grover Cleveland, chin elevated and eyes spectacled, Edward, Howland Robinson Green, son, heir and assistant of Hetty, said that he felt better than he had a year ago.

"It was a new game then," he observed. "Our loans in Texas run usually from \$5,000 to twice that amount. When I came to New York, however, my mother would pass applications along to my desk for loans of \$500,000. The new conditions worried me—sort of appalled me for a while. But, it is a pawnbroker's business after all. People come in, give us their stuff—meaning shares and bonds—and we give them tickets. We keep their stuff and also their promissory notes."

"But you must be a judge of values?" I said. "Not at all. Prices are fixed day by day at the stock exchange. We don't lend up to the prices, of course—only, say \$20 a share less. Meanwhile, we are careful not to get an oversupply of one kind of stock—plan to have a variety of wall paper on our shelves. Art may suffer by the mixing of kinds and colors, but safety is enhanced. It is contrary to our rule to accept enough even of the best stock in the United States to affect its selling price were we compelled, in calling a loan, suddenly to put it on sale."

"Some stocks are so carefully kept by investors that only a few shares are dealt in at a time. If we had 1,000 shares of such a highly valued stock the price would be sure to break were we to sell it in the open market. We should have to feed it out gradually, and that wouldn't be worth while, so far as we are concerned. Consequently, in making loans we prefer to take 10,000 shares of Steel common rather than 3,000 shares of Delaware and Lackawanna as security. Surprising as it may seem, professional speculators ordinarily have better collateral to offer than have wealthy business men. We have \$100,000,000 loaned out tonight, and the stuff is in our safe to make every cent of it good."

"There is a man in this hotel," Mr. Green continued, as he watched extravagantly dressed women parading back and forth in the peacock corridor which has celebrated the place, "who is paying \$150 a day for a suite of rooms, with nobody in them but his wife and himself. He'll get a notice from our legal department in the morning that unless he meets the interest on the money he borrowed of us he will be promptly sold out. Some of the women you see strutting up and down that corridor can't afford the finery they have got on. Their husbands load them down with jewelry and buy them costly dresses simply to bluff up their own credit. It's a stupid game. A liar is always found out. Such men come to me for a loan. They are very glib with their talk I keep quiet. It isn't necessary for me to say a word. If I tell you I am a newspaper man and try to prove my claim, you will see I am lying within five minutes. The liar never succeeds in fooling anybody but himself."

"I sat in the grillroom of this hotel the other night. Several men were around the table. One of them waved his arm over his head and said: 'I don't owe a cent, I have two houses, one in Fifth avenue and another at Newport.' Yet that wooden-headed bluffer owed us \$1,200,000. He borrowed that money at a bank you understand, and the bank turned the loan over to us, along with the stocks and bonds left as security. I see women right now whose husbands have mortgaged their houses, yachts, and automobiles. It is the people who can't afford to wear jewels who love to have and exhibit them."

STATE HOSPITAL IS WANTED FOR CONSUMPTIVES

State Board of Health Makes Another Plea For Long Felt Want—More Money For Anti-Toxin.

"Every time the clock strikes the hour, some one in Illinois dies from consumption," is the startling statement which appears in the state board of health annual report made to Governor Deneen yesterday and the board makes a plea for the establishment of a state hospital for consumptives, such as have been granted in a majority of the states of the union, including all those bordering on Illinois.

Report for Twelve Years.

The report shows that for twelve years past, the state board of health has recommended annually the establishment of such an institution, and that an investigation into the subject was made by the board in 1900, acting under the provisions of a joint resolution of the senate and house of the forty-first general assembly, to investigate into the advisability of establishing a state sanatorium in Illinois.

Gov. Recommends Sanatorium.

The report further shows that the forty-fourth general assembly in 1905 passed a bill creating the institution desired, but as the appropriation was so insignificant, the bill was vetoed by Governor Deneen. The forty-seventh general assembly manifested its approval of the proposition on May 16, 1911, when the senate by unanimous vote passed a bill for an act to provide for the location, erection, organization and management of a state sanatorium for persons afflicted with tuberculosis. On the same day, the house passed a similar bill, but the adjournment of the general assembly some three days later prevented the passage by both houses of either of the bills leaving the state without a law designed to protect the consumptives who are unable to take care of themselves. Governor Deneen recommended the creation of a state sanatorium in his message to the forty-seventh general assembly, and it is understood that he will act favorably on the recommendation of the state board of health in his message to the forty-eighth general assembly on Jan. 13.

Better System of Death Registration.
A better system of registration of deaths is also asked for by the state board of health in its report, which shows that in Illinois the reporting of deaths is voluntary, except in certain cities and as a result the state board of health does not obtain over eighty per cent of the deaths that actually occur. This leaves Illinois without the area of registration states prescribed by the census bureau.

The state board of health further asks for an increase in the general appropriations for sanitary purposes and for the purchase of diphtheria anti-toxin for free distribution among all classes of people as a means of preventing the spread of diphtheria. It is shown that the appropriation for last year became exhausted three months before the next appropriation was available.

For Dairy Inspection.
A special appropriation for the inspection of dairies is also asked for. It is shown that the state board of health in its efforts to require the dairymen of the state to furnish a clean, wholesome milk, expended over \$10,000 a month in the summer and fall of last year in the inspection of dairies alone.

FUNERAL NOTICE.

The funeral services of John Jacinto will be conducted from the family residence northeast of the city this afternoon, at 2:30 o'clock in charge of Rev. W. E. Spooner. Interment will be made in Jacksonville cemetery.

SMALL BLAZE.
Saturday evening at 6:30 o'clock the fire department was called to the residence of Newton Sargent 356 W. Court street, where the roof caught fire from the flue. The blaze was extinguished by a Babcock before damage resulted.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS
STOCK MARKET SHOWS UPTURN
ALL IMPORTANT ISSUES SHOW A MODERATE GAIN.
(By Associated Press.)
New York, Jan. 4.—Better persistence was offered by the stock market today to the weakness of various day certain manipulated specialties, operations in which reflected an absence of demand, developed marked weakness, which for a time held the general market in check. The standard issues, however, gradually broke away from this influence and by closing time nearly all the important railroad and industrial stocks had made moderate gains. The advances ran to two points in St. Paul and half as much in the Harriman stocks, Reading and Coppers.
Further weakness developed in American Beet Sugar, which dropped three points to 39, its lowest quotation in more than a year. Petroleum sold off sharply. St. Paul, the strongest of the important railway stocks, was helped by the November report of the system disclosing large gains in gross and net for both the parent corporation and for the Puget Sound. A strong showing was made by the banks in their weekly report. The return flow of money paid out at the opening of the year was reflected in an expansion of over \$32,000,000 in deposits and the cash gain of nearly \$15,000,000 paralleled with predictions. The loan increase was considerably smaller than in the first week of 1912.
Reports of the leading mercantile agencies spoke of some letting up in general trade since Christmas. Such a lull occurs yearly and it was pointed out that the change had been less marked than usual this year. It is not unlikely, however, that there will be a further slackening as the time approaches for revision of the tariff.

WHEAT MARKET GAINS STRENGTH
MAY WHEAT AT CLOSE SHOWS INCREASE OF ¼c.
Cora Market is Narrow But Firm on Covering by Shorts Who Were Impressed by Wheat Strength—Close Shows Gain of ¼ to ½c.
(By Associated Press.)
Chicago, Jan. 4.—A moderate business was transacted in the grain and provisions market of the board of trade today and prices moved upward. Although there were snow flurries reported in Nebraska, Illinois and Kansas last night, the trade was inclined to take a chance that the cold wave predicted by the weather bureau would reach the wheat belt ahead of a protective covering of snow, the absence of which has been a factor in the market for some time. Another bullish factor was the statement that despite heavy receipts at primary points, these same markets, with their flour output, is figured in, shipped out more than they received today. However, this does not hold true as applied to the week's receipts and shipments.
Light receipts at Minneapolis were said to be due to attempts by the railroads to relieve local congestion by holding back interior receipts. May wheat at the close was ¼c over yesterday.
A range of ¼c covers the fluctuations of corn prices today. The market was narrow, but firm on covering by shorts who were impressed by the wheat strength and the close was ¼ to ½c higher than yesterday.
Week-end shorts covered in sympathy with the strength of neighboring pits, and the close was firm at an advance of ¼ to ½c. The volume of trade was light. A fair demand for provisions was noted. Pork closed 10@12½c higher, lard 2½c up and ribs 5 to 10c advance.

IMPORTANT CASE TO BE ARGUED
Washington, D. C., Jan. 4.—A formidable docket will face the supreme court of the United States when it reconvenes Monday after the holiday recess. It is considered likely that some important decisions may be handed down on the opening day. The decision in the state rate cases and the decision as to the rights of the Union Pacific stockholders in the distribution of the Southern Pacific stock are the decisions that are awaited with most public interest.
Among the important cases docketed for argument before the supreme court on the opening day is the suit of the Minehill and Schuylkill Haven railway company against the collector of internal revenue at Philadelphia. This suit involves the government's right to impose a tax upon corporations that have leased their properties, which right has been denied by the lower court. The issue, if finally decided against the government, will involve the loss of many hundred thousand dollars in revenues, since there are thousands of large corporations which have leased their properties and which will be affected by the decision.

JANUARY CLEARANCE SALE

Owing to the warm weather in October and November, we find ourselves overloaded with merchandise. Here is a stock reducing sale that offers unusual opportunities. SALE BEGAN SATURDAY, JAN. 4, and ENDS WEDNESDAY JAN. 15, at 6 p. m.

Ten Days Money-Saving Sale

Our January Clearance Sales are events that offer very decided money saving opportunities. Nearly everything in the store from basement to third floor is marked at sacrificing prices to force immediate and decisive clearance. Profits are forgotten—even cost prices are not thought of. Prices are cut regardless of cost where stocks are particularly heavy. Clearance means that everything has got to be cleared out, that our shelves must be cleared for the early spring campaign. This sale means the opportunity is at your door bidding you to share in the wonderful savings that are here. You ask why we are selling at such low prices. It's this great store's policy, one of the rules of this business, never to carry merchandise from one season to another. This season finds us with unusual stocks of winter merchandise on account of unseasonable weather. Because of this prices are made exceptionally small.

Doors Opened for this Sale Saturday Morning, Jan. 4, at 9 O'clock.

T. P. A. ENJOY EVENING.
Members of Post O. T. P. A. enjoyed a very pleasant time Saturday evening, after holding their regular meeting in the headquarters of the Business Men's association. The meeting was held at 7:45 o'clock and at 8:30 the men went to Ehnie's store, where the ladies had assembled and from there went to the Majestic theatre. In response to the call of the secretary, C. F. Ehnie, the meeting Saturday evening was largely attended. The members expect to make this the beginning of a series of booster meetings and entertainments that they expect to hold during the winter.

Armour & Co. of Chicago, will give an interesting demonstration of Bouillon Cube at our store all this week. Ladies are especially invited to partake of this dainty quick service lunch and to learn the method of it.

C. P. CUTTING EXPENSES.
As a result of inaugurating the retirement plan on the Chicago, Peoria & St. Louis railroad, seventy employees of the car department in the yards at Springfield have been laid off. Twenty men of the bridge and building department and sixteen men of the track department have also been laid off for an indefinite period. The local shops have been closed since New Year's Day, but will be re-opened January 8. This lay off was made on account of the inventory work.

MONDAY 8 O'CLOCK SPECIAL.
400 LADIES SKIRTS TO CLOSE OUT MONDAY ONLY AT THE SENATIONAL PRICE OF THREE SKIRTS FOR \$1.

INTERIOR TELEPHONE.
The Clover Leaf Casualty company has installed the Turner Interior Telephone system in their offices. The system facilitates matters not a little and already the company realizes a long felt want has been supplied.

FRANK BYRNS' Hat Store received many new Furs, Muffs, and Scarfs last week.

TO HOLD BANQUET.
Members of the Brotherhood of State Street Presbyterian church will hold a banquet in the church parlors Thursday evening. The ladies will serve and a special program is being prepared.

LOCATES LONG LOST KIN-FOLK

S. O. SHUFF FINDS RELATIVES AT HUTCHINSON, KAN.

Nearly Half Century Had Passed Since He Had Seen His Sister-in-Law, Mrs. E. A. Shuff—Twenty-Three Relatives Join in Family Reunion.

S. O. Shuff, who resides at 754 West North street, together with his family, while visiting recently at Hutchinson, Kansas, located relatives he had not seen for many years, and in honor of the event a family reunion was held in which twenty-three, bearing the name of Shuff, participated.

Mrs. E. A. Shuff, his sister-in-law, whom he had not seen for nearly a half century resides at Sylvia, Kansas and aside from the three sons who reside near her, she has two married daughters living in Oklahoma.

The Hutchinson News in speaking of the incident says:

"While visiting in Hutchinson with his sister-in-law, Mrs. C. C. Jeffries, wife of the bandmaster, S. O. Shuff, of Jacksonville, Ill., accidentally run across the long-lost sons of his own brother, and their mother whom he had not seen for 46 years.

"It was a happy family reunion, and just as unexpected as it was happy.

"S. O. Shuff and J. R. Shuff were brothers in Illinois. The latter located in Missouri with his family, while the former remained in Illinois. J. R. Shuff died a good many years ago, and his family came on to Kansas. The Illinois brother completely lost track of them, and in fact had not seen his sister-in-law for nearly half a century and had never seen her children and had no idea where they were located.

"A couple of weeks ago Mr. and Mrs. S. O. Shuff and daughter, Miss Stella, came to Hutchinson to be guests of Mrs. Shuff's sister, Mrs. C. C. Jeffries and her husband, Prof. Jeffries.

"A few days before they came Mrs. Jeffries learned that there was a man by the name of Shuff in Hutchinson, B. F. Shuff, running a grocery store on Bismark street, and she remarked to her brother-in-law that he might be a relative.

"The latter hunted him up and found, to his great joy, that he is one of his long-missing nephews, his own brother's son. And from him learned that his brother's widow, Mrs. E. A. Shuff, whom he had last seen in 1866, forty-six years ago, resides at Sylvia, and that three more of his long-lost nephews, whom he has never seen, John, James and Edwin, all live in and near Sylvia.

"Mr. and Mrs. Shuff and daughter went at once to Sylvia, and there was a happy family reunion at the handsome new country home of John Shuff, south of Sylvia.

There were a number of other relatives present from a distance, who happened to be visiting here. Those present at the reunion were Mr. and Mrs. S. O. Shuff and daughter, of Jacksonville, Ill.; Mr. and Mrs. Frank Kelly and family, and Mrs. Logan, from Raymond, Kan.; Mrs. E. A. Shuff of Piedmont, Okla.; and son, H. O. Shuff of Wellston, Okla.; Miss Clara Brown of Woodward, Okla.; Mr. and Mrs. R. F. Shuff and family of Hutchinson; Mr. and Mrs. James Shuff and Mr. and Mrs. D. Edwin Shuff and their respective families, of Sylvia.

TO FIGHT RATES.

Committee of Insurgents of Ben Hur Tribe Will Meet Today.

A fight against a triple increase in assessment rates in the Ben Hur will be instituted in Springfield to day when a committee of "insurgents" representing the two courts of the order here will meet to plan legal resistance to the increase. They expect to be joined in the struggle by tribesmen of Illinois, northern Kentucky, Southern Indiana and Southern Ohio.

The new rate is declared by "insurgents" to be excessive in the extreme. They declare that it would increase the cost of certain class of policies from \$1 a month of \$10.40 a month and others in the same proportion. Their contest probably will take the form of an injunction petition to be filed at Crawfordsville, Ind., where the national headquarters of the society are located.

The best posted buyers of RAW FURS say the price WILL BE MUCH HIGHER. Ladies expecting to buy Furs of any kind should secure them this week of FRANK BYRNS' Hat Store.

CHILD WAS CHRIESTENED.

The little daughter of Mr. and Mrs. Wallace Riddell, Elizabeth Ann was christened Saturday afternoon at the home.

The Woman's college, by its grandfather, Dr. J. R. Harker. The impressive ceremony was witnessed by members of the Harker family only. Mrs. Riddell and her daughter have been here several days visiting with home folks, from Reno, Nevada.

A REMARKABLE SALE!

SUPPLY YOUR NEEDS

We want to make a quick move—to get out the winter stuff before inventory. In order to do that we take the short up to date cut and expect to do a two weeks business in four days. There's no guess work about this. No marking up or down, no pre-arranging, no out of season stuff, bought for this sale. It's a genuine sale, different from the closing out sales that hang on and on and don't mean anything.

When You Spend Ten Dollars and Get Two Dollars Back

The money talks. Nothing is reserved. There's just four days. Sale began at 9 a. m. Saturday. It's a cash sale. Tell all your friends about the values we are giving. There's quite a lot of spring stuff in stock too; but it all goes. What an opportunity to buy Dependable Underwear and Hosiery, not to speak of R. & G. Corsets, Kid Gloves and Table Linens, Blankets, Comforts, Silks and Dress Goods. You'll be sorry all the year if you don't come

Hillerby's Four Days 20 Per Cent Discount Sale

HOPPER & SONS

SOCIAL EVENTS.

The Sunday school class of boys of the Congregational church, taught by Prof. T. P. Carter, and the class of girls, taught in the same Sunday school by Mrs. Carter, were delightfully entertained Saturday evening at the home of their teachers on Lincoln avenue. At 6 o'clock a bountiful and well prepared supper was served and after supper a number of games were played. In the contests the boys won the most points, and according to a previous agreement, the girls are to tender the boys a party at an early date. In every way the time was happily spent.

DOMESTIC TANGLE IN RELATIONS OF FAMILIES BRINGS TRAGEDY

At Corners Inquest Woman Tells of Plan Whereby Her Husband and Edey Were To Exchange Wives.

Belle Port, N. Y., a Jan. 4 J. A. plan whereby her husband and Henry C. Edey were to exchange wives was described today by Mrs. Nellie Murdock at the corner's inquest into the double tragedy that occurred Thursday at the Edey home. Edey, a wealthy retired Wall street broker, killed his wife and then committed suicide. Although there were rumors of a disagreement the story Mrs. Murdock told on the witness stand to day was the first definite information bearing on the possible cause of the tragedy.

Edey's wife, it was known left him last August, but a few weeks ago she returned and both declared they had reconciled. It was this "reconciliation" Mrs. Murdock testified, which spoiled the strange marital experiment they had arranged.

The witness said she and her husband, formerly a liveryman here are on friendly terms now and that he had begun suit against Edey only two weeks ago to recover \$500,000 for alienation on his wife's affections. The bringing of this suit and service on the former broker of papers in the action were followed shortly afterward by the double tragedy and are believed to have led to it.

"Edey", the witness said: "got me to leave my home and he got his own wife to go to Texas with my husband. I was to become Mrs. Edey as soon as my husband and Mrs. Edey got their divorces in Texas; and my husband was to marry Mrs. Edey."

Edey, she declared, planned the whole thing.

ILLINOIS COLLEGE NOTES.

College will resume work Monday noon.

President Rammelkamp will be absent in the east for two weeks longer. His classes will be taken care of.

Winter work in the gymnasium for men under Coach Harmon and for women under Miss Helen Robinson, will begin this week to run over till Easter.

The catalogue committee is working hard on the new catalogue, which will come out some time in March.

President Rammelkamp in his report of the meeting of the Historical association in Boston, last week mentions Edward Carter, Prof. Senning and Prof. Randall, all former teachers of history in the college.

Prof. Carter has been appointed to deliver lectures in history this summer at Columbia university, N. Y.

Prof. Senning is doing excellent work at Wellesley college (Conn.).

Prof. Clapp, formerly of the English department, has sent a beautiful calendar blotter of Lake Forest views, the school in which he is now teaching.

Conservatory work will be resumed on Monday under Prof. Kritch and choruses will hold regular sessions with Rev. H. D. French as director.

NEW ACCOUNTING SYSTEM.

Notice of a new ruling in the accounting systems of telephone companies has been received at the auditing office of the Illinois Telephone Company in this city from the interstate commerce commission. The notice included a statement that blanks were being sent out to all companies, but as yet none have been received at the local. Under the new ruling telephone companies doing an annual business of \$50,000 or more will adopt the uniform system of accounting which entails much more detail than the system now being used at the local companies and would have been put into effect January 1, 1912, but such a large number of complaints were received from smaller companies that the limits of \$50,000 was made.

SUES HOPPER FOR DIVORCE.

Minneapolis, N. Y., Jan. 4.—Supreme court justice Scudder heard testimony and reserved decision to day in an action for absolute divorce brought by Mrs. Ellen B. Hopper, known on the stage as Nella Durgan against her husband DeWolf Hopper the actor. She is Hopper's fourth wife. The first three divorced Hopper.

GOVERNMENT INCREASES OUTPUT OF NEW STAMPS

Daily Output of Parcels Post Stamps is Increased From 5,000,000 to 10,000,000.

Washington, A. J. 4.—By direction of Postmaster General Hitchcock, the bureau of engraving and printing today increased its daily output of parcel post stamps from 5,000,000 to 10,000,000. From practically every section of the country requisitions by mail and by telegraph are being made for more parcel post stamps. Postoffice officials are positive that no danger of a tie-up of the service exists on account of the exhaustion of the supply of stamps, as a sufficient reserve is on hand here. Reports received from postmasters from various parts of the United States indicate a tremendous increase in business account of the parcel post, but no serious congestion is reported, and the department has not been requested to furnish any additional assistance. Fragmentary reports indicate that the success of the new service has exceeded all expectations.

Through the medium of reports Mr. Hitchcock hopes to be able to make an accurate estimate of the necessary appropriation by congress for the maintenance of the parcel post system.

Live Kitten By Mail.

Elgin, Ill., Jan. 4.—A live kitten several weeks old was carried by parcels post from West Chicago to Geneva, Ill., today.

The kitten was marked merchandise and packed in a neat crated box. It was delivered to a little girl and showed no ill effects from the trip.

APPROPRIATION ORDINANCE TO BE CONSIDERED MONDAY

Council Has Prepared Financial Measure For Consideration—Back Indebtedness Fund Smaller.

At the meeting of the city council Monday morning the new appropriation ordinance will have consideration. It will vary in a number of points from the one passed a year ago but the section referring to back indebtedness will be of most general interest. Last year the amount appropriated for back indebtedness was \$55,000 and this year the sum will be \$37,000. Of this latter sum \$5,000 is an inheritance from 1910 and the figures thus show that the commissioners have made a steady and successful effort to cut down expenses.

The appropriation for Diamond Grove cemetery fund will be \$200 less this year and that of Jacksonville cemetery \$600 less. The salary fund has been increased by \$1000 as it is the intention to appoint a superintendent of weights and measures. This official will inspect street paving sewer work, plumbing work, have charge of the weighing and do other like work. The state law is such that the commissioners deemed it best to make plans for the appointment of such an official. An appropriation of \$50,000 will be made for light improvement to provide for the possibility of an election being held for light improvement bonds and the same carrying. The city officials have spent a good deal of time on the ordinance and they believe it fully covers the city's needs.

Among the amounts appropriated in the ordinance are the following: Diamond Grove cemetery \$500 Jacksonville cemetery \$1200 City Hall \$1200 Civil Engineering \$1200 Streets and Public Improvement \$5,000 fund \$10,000

Fire department \$10,000 Fire Dept. Improvement \$5,000 Municipal horse \$1,000 Fire alarm \$150 Fire horse exchange \$500 Water supply \$9,000 Water Works Improvement \$10,000 City Bldg. Repair \$500 Light Maintenance \$12,000 Public property \$50,000 Police Department \$10,000 Printing \$1,000 Law Department \$5,000 Salaries \$12,000 Sanitary \$500 Contingent \$3,000 Elections \$2,000 Interest \$6,000 Back Indebtedness \$37,000 Mathers street opening \$1,000 Sinking Fund \$6,000 Bond Interest \$4,200
